DAILY DOINGS AT BARBER & ROSS'. Think of the coal you could have saved had you weather-stripped your house in the early winter. Not too late yet. Plenty of cold weather yet to follow. Plenty of Gust next summer to spoil your furniture, &c. Let us estimate the cost—very small. Valentine's Felt Weather Strips are the best.

If every one realized the advantages of gasheating over coal-heating stoves we couldn't get them in fast enough. As it is we've sold hundreds of them this winter. The \$2.75 kind seems to be the favorite for small rooms.

That recent importation of Carvers stocked us up pretty full. As we do not handle the poor (cheap) cutiery you will have to go elsewhere—U you prefer it. Better buy it good. Excellent values in Carving Sets from \$1.50
